

It's a Miracle!

# RING PULL CAN OPENER

As seen on TV

80% of adults have experienced difficulties in the opening of ring pull cans. Nearly all of the quality tinned food products now come with ring pull cans.

We believe that in due course the **ring pull can opener** will be as common place as the traditional can opener.

Step 1.  
Slide the opener over the ring  
until it clicks onto it.

Step 2.  
Lever upright to break the seal

Step 3.  
Hold the can and remove lid

Step 4.  
Press the button to dispose of  
the lid
